

Orangutan's Foundation Bingo: (w/c 18/5/20)

<p>PE Using a ball as a shot-put and see how far you can throw it. Can you improve your distance?</p>	<p>History Look back at your notes about the history of Pompeii and Mount Vesuvius from last week (or complete this task if you haven't already!). Compare what it used to be like with what Pompeii is now like in the current day.</p>
<p>PSHE What are the potential risks in the home? (e.g. kettle) Make a warning poster for these.</p>	<p>Geography Use books and/or the Internet to research how volcanoes are formed and how they work. Draw a diagram and write notes on your findings. Include the following vocabulary:</p> <ul style="list-style-type: none"> ➤ Dormant/Active/ Extinct ➤ Crater ➤ Ash cloud ➤ Magma reservoir/Lava
<p>Art You will need cardboard, string, glue and paint. Dip your string into some glue and stick to your piece of cardboard to make a pattern. Once dry, dip in paint and print onto paper. Don't have the resources? No problem! Using adult support, cut a potato in half lengthwise and carve out a pattern. Alternatively, use lego pieces to print with.</p>	<p>Science Make your own volcano at home. Look online for ideas! An example can be found on: https://www.learning4kids.net/2012/04/11/how-to-make-a-homemade-volcano/ <i>Can you make it erupt? Discuss what substances are reacting together to make it work!</i> Take photos or draw diagrams of each stage.</p>
<p>DT Make a selection of puppets to retell a story of your choice.</p>	<p>Music Make and control long and short sounds using your voice. <i>What is the longest sound that you can make? What is the shortest sound you can make? Which is the easiest to control?</i> EXT: Repeat using instruments or home-made items (pots and pans, etc.).</p>
<p>RE What can you find out about Islamic pilgrimage?</p>	<p>Computing Write an entry on the class blog on Purple Mash. (Purple Mash → Sharing → Shared Blogs→ Orangutan Blog)</p>
